For the attention of Tony Binch

Dear Tony,

just a few words to express our satisfaction for the service you have supplied to us for the past few years. Your staff have always been courteous and efficient, especially when dealing with enquiries. We are more than pleased with the quality of your products and service.

As you are aware, Ted Harrison sold E J Security to myself and Tom and Vicky Cooper in April 2007. As I have dealt with you for the past 18 years, I can see no reason why we cannot continue trading with you for many years to come.

Yours Sincerely,

Malcolm Bradbury (Director)
