

**Michael Lawrence**

### **Personal Profile**

Thank you for taking the time to read my profile.

I have worked for RISCO Group since 1996, I started as a trade counter sales person and have occupied many positions of responsibility within RISCO Group UK Ltd such as Telesales, Bristol Branch Manager and Head Office Sales Manager. I believe my experience of working in these various positions within the company allow me to know our full capabilities and ensure that my customers get the best possible levels of service.

I have been regional sales manager for the South West and Wales since 2005 and I am now expanding nationwide as National Accounts Manager.

### **Personal Objectives**

I aim to use the experience I have gained of our range of security products and of the Security industry in general to support my customers so they can offer the best solutions to meet their customer's requirements.

Please feel free to contact me at any time via any of the methods below:
